A: 6-(2)(A)

7) Please share your thoughts on future mentor program training sessions.

A: I think the mentor program training sessions are great now. It would be great to have a hands-on demo of a few of the Toolkit tips to show people how quick and easy some of these are to set up, so they can start saving time now. I think some mentors and libraries alike often think these optimizations take a while to set up when, in reality—and especially now, with the Toolkit—they won't. Time savings and real hands-on. Great program though!

A: I would like a short session to share experiences and what mentors did "in the field."

A: By next year you can have folks give sessions on topics.

A: Provide webinars for updates.

A: Webinars to discuss changes and updates. A session on updating web pages—nothing fancy, just how to launch all the new pages.

8) Other comments:

A: Thank you for inviting Atlas! I am inspired by your group and looking forward to working with Cyril.

A: I don't know how to explain in detail but seeing this level of cooperation/teamwork is inspiring!

A: Thanks for letting me be a part of the mentor program.
